ASSESSING YOUR LANGUAGE LEVEL

The ability to communicate effectively in English is a key factor for us at St George International and the language levels chart below helps in many different ways:

- It provides objective descriptions of what tasks can be performed at different levels of ability
- It indicates what examinations are available at what level
- It helps you define language objectives that you can aim for
- It helps us place you in a class at the right level when you arrive on your first day
- It helps you assess what you can do in the language at a particular level as opposed to what you know

Please note that some of our study programmes demand minimum levels of competence in English – the key below indicates which courses may be taken at which levels. It is important that we determine your level of English before you enrol.

STUDENT RESIDENCES IN LONDON

Many students who prefer a more independent approach can choose to stay at one of our student residences in Central London. These residences provide the freedom and flexibility many of our students are looking for, right in the heart of London.

Student residences are usually quite basic but always clean and comfortable. There is quite a variation in what they have to offer. Some have en-suite facilities as well as fitness and entertainment facilities as part of the price. There is certain to be something to suit you. Depending on the residence, you may choose either a single room or, if you are coming with a friend, a twin room. Some of our residences offer breakfast or evening meal, and others are self-catering.

HOMESTAY ACCOMMODATION IN LONDON

We have paid special attention to our homestay accommodation, so hosts and homes that we have inspected and selected share some common important features.

- The home must be clean and comfortable and enable the student to study quietly.
- The host must be able to provide a good breakfast and/or a good evening meal daily.
- The host must be friendly and helpful and so give the students plenty of opportunity to practise their English outside the classroom and school.
- The location of our homestay accommodation must be where students can easily reach the school by underground or bus with no more than 30-50 minutes travelling time.

HOTELS AND APARTMENTS IN LONDON

SGI can also help arrange your own hotel or apartment accommodation all around Central London. We can recommend a wide range of reasonably priced 2-5 star hotels in the capital. With great rooms and service, student living has never been so comfortable.

EXPERIENCE 'LONDON LIFE' WITH ST GEORGE INTERNATIONAL

Although studying and learning English is the main reason you have come to England, we firmly believe that it is important for you to relax and enjoy yourself as well.

There is no better city than London in which to do this. At SGI we want you to experience British culture and get to know as much of London as possible. Our social organisers will help you make the most out of your stay – however short or long it may be – in the most exciting city in the world.

MAKING THE MOST OF YOUR STAY

Social activities inside the school include quiz nights, regular Monday and Friday parties, themed evenings and discos, as well as visits to pubs, clubs, concerts and the theatre.

We can also arrange sporting activities for you such as swimming, golf, tennis, ice-skating and horse-riding. In good weather we also arrange regular football competitions in nearby Regent's Park.

We believe that SGI's social programme will help you have a memorable time in London, making new friends, meeting lots of interesting people and most importantly, improving your English!
