In the classroom

Excellent teachers

IELS runs its own teacher training department to ensure that our teachers continue to develop their skills. In addition teachers attend external workshops and courses, and their progress is constantly monitored via observations, student feedback and the appraisal scheme.

Our Methodology

We keep abreast of innovations in English Language Teaching methodology and constantly adapt our approach to maintain excellent standards. Our lessons are student-centred which means that courses are tailored towards the students and their needs. We take into consideration interests, strengths and weaknesses as well as short and long term goals. Our classes are communicative and interactive to make sure you are challenged to reach your full potential.

Our resources

We use a wide range of resources, including:

- Modern course books
- Audio visuals
- Authentic materials
- Interactive white boards
- Projectors
- Computers

Our levels and curriculum

Our curriculum is based on the levels of the Common European Framework of Reference for Languages. The CEFR was put together by the Council of Europe and is used all over the world as the standard for grading individuals' language proficiency.

The CEFR descriptors indicate the proficiency that students should achieve at each level. The table below includes a summary, and includes comparable levels of other common standards.

Students are thoroughly tested on their first day so their levels can be established and they can be placed in the right classes. Completing one level usually takes about 8-12 weeks but with students' effort, involvement and motivation this can also be achieved in a shorter period of time.

IELS standard level classifications	CEF	Typical progress through levels with continuous study	Cambridge	IELTS	TOEFL
Post-advanced You can express yourself spontaneously, fluently and precisely and differentiate fine shades of meaning in a range of complex situations.	C2		CPE	7	110 - 120

How we support and motivate our learners:

- We offer a personalised approach to every student
- We empower students by providing them with individual study plans
- We promote learner independence
- We test students regularly and give them feedback on their progress
- We offer regular tutorials to support our students in the process of learning

Excellent teachers

All IELTS teachers are trained, experienced, native-level English speakers who are passionate about English. Our Continuous Professional Development Programme and external training sessions develop their skills further.

Multinational classes

At IELTS, you'll become a fully-fledged 'citizen of the world'. You'll meet, learn and socialise with learners from around the globe and make friendships and have experiences that will last a lifetime - all while you improve your English.

Rounded school experience

IELS offers an extraordinarily warm and friendly welcome where our students feel immediately at home. IELTS's dedicated staff go out of their way to ensure that each and every student feels happy throughout their stay.

Small groups

You'll be taught in classes with a maximum of 12 students, ensuring that you receive personal attention from the teacher while being able to interact and practise with a variety of other learners in class.

Time well spent

You can be sure that you'll have a full day of learning and leisure, whether you choose structured activities or free time in the country to sightsee around the island.

Completely refurbished school

Our school has been completely refurbished with an ultra-modern design and offers a top quality learning environment.

Our English Only policy

The best way to learn English is to speak only English, so it is our policy to insist that everyone always speaks English in the classroom and around the school, except for emergencies or beginner students.

Our accreditation and memberships

We are accredited by the EFL Monitoring Board and are founder members of FELTOM and full members of ALTO. We are an authorised Cambridge English centre for the internationally renowned CELTA and DELTA teacher training courses.

Everyday English

Our General and Intensive English courses are designed to give a good grounding in relevant, modern English to give confidence and ability in a wide range of day-to-day situations.

Long-stay Advantages

General and Intensive English can be studied for up to 52 weeks at IELTS schools, subject to visa restrictions. Regular tutorials, progress tests and reports help students set and achieve short and long-term goals. Dedicated tutors help to plan study time to make sure that free time is spent feeling relaxed and confident.

Of course, an IELTS long-stay programme offers much more than just lessons. Because our schools are in great English speaking locations, they are great places to practise everyday English outside of class. Spending an extended period of time in another country is an unforgettable chance to meet new friends and get to know what it is like to be a local.

About Malta: Mediterranean jewel

Learn English on an archipelago of islands in the heart of the Mediterranean, just south of Italy. Enjoy the sun and lifestyle, in a country where English is an official language. Find out why thousands of visitors come every year to enjoy the island and improve their language skills.

Malta has adopted a number of traditions which were brought to the island by the British: English tea, red letter boxes and telephone kiosks, left-side driving and the English language are now integral parts of Malta's culture and life-style.

Maltese people are well-known for their hospitality, friendliness and warm-hearted Mediterranean culture. The history, ever-growing tourism and the increasing number of foreigners living here permanently have all contributed to making Malta one of the most visitor-friendly countries in Europe.

Sliema was once a fishing village and is now a popular upmarket commercial seaside town on the east coast of Malta. The area is full of restaurants and leisure places as well as some modern shopping arcades and numerous hotels.

Sliema offers a great environment for study, within easy reach of the capital city, Valletta, and other heritage sites and areas. St Julian's, a popular nightlife area, is only 10 minutes away.

Sliema's promenade is one of the most popular social meeting places in Malta, and is a great place to stroll and to relax.

Sliema has a wide range of cafes and restaurants making it an ideal place for socialising.

Sliema is a short ferry ride across the harbour to Valletta, and direct buses run from Sliema to all parts of the island.

“

My favourite place in Malta...

...was the Blue Grotto. The trip on the water to see the caves was lovely! My friend and I then found a nice place just to sit and drink some coffee while enjoying the view.

Sabina Synowska, Poland

”

Three reasons to love Malta:

1 A warm welcome

Malta's residents are well-known for their generous hospitality and friendliness towards foreigners, so you will quickly feel at home when you study here.

2 Culture and fun

Malta has a great mix of culture and pure fun: it's known as an 'open air museum', and its colourful 'festas' and vibrant nightlife attract tourists from all over the world.

3 English practice

Enjoy the sun and lifestyle of the Mediterranean on an island where English is one of the official languages and you can practise your language skills wherever you go.

Explore with IELTS

The best way to discover the beautiful islands of the Maltese archipelago is through our excursions and activities. We run a different programme each week, a selection of which is shown above. Tours can be booked at IELTS Malta.

Helping you have fun

Learning English should be fun and IELTS employs a professional and dynamic leisure team, who offer a wide range of interesting and fun-filled activities as well as excursions and sports. These include parties and trips to places of interest such as Valletta, the island's capital; the ancient fortified city of Mdina, the former capital; the beautiful Blue Grotto and the sister island of Gozo.

Cultural Malta

For those interested in the cultural side, the Maltese islands have numerous monuments, temples and churches, many of which can be explored with the help of our local guides.

Excellent food

Cuisine in Malta is a taste of the islands' multicultural heritage, and local restaurants offer a creative selection of tempting dishes.

Great nightlife

Nightlife in Malta is diverse, exciting and relatively inexpensive. The towns of St Julian's and Paceville are famous for their great atmosphere. Bright lights, lively music and enthusiastic clubbers await you at one of Europe's top nightlife hubs.

Enjoying a barbecue at Malta's beautiful beaches is also one of the most popular evening activities. For a traditional evening's entertainment, the mix of fireworks and village band marches transform a night into an event during one of Malta's many summer 'festas'.

Enjoy the water

We offer a choice of off-shore leisure programmes which can be added to any course in Malta:

Diving

- Try Dive (2 hour taster session)
- 4 to 5-day PADI Open Water & PADI Advanced courses or a two-hour taster session are available.

Accommodation

We have a wide choice of accommodation, including friendly host homes and our own Day's Inn Hotel and Residence which has been refurbished to a superb standard.

Host Homes

up to 30 mins from school by public transport

The Maltese people are well-known for their hospitality, and through the ages have welcomed people of all nationalities to their Island and into their homes.

We have selected a limited number of Maltese families to host our students. As each person is unique, we do our best to match their requests, taking into consideration their interests, age and individual preferences, to make their stay with a family as pleasant an experience as possible.

Students will have the opportunity to practise the English they have learnt at school with the family, and also to experience the Maltese way of life. Students can book half board (breakfast and dinner).

Our host families, which are chosen from various localities in Malta, are located up to 30 minutes by bus to our school.

“

This was a good decision ...

... because you can meet a lot of people. You can use the WiFi and the air conditioning for free. But I think the most important reason to choose this accommodation is the proximity of the school.

About Gozo: peaceful island gem

Gozo is one of the most unspoiled islands in the Mediterranean. Never a major commercial centre and never overtaken by tourism, Gozo remains an island whose economy is built on farming and fishing. It's the perfect place to 'get away from it all'. Discover one of the Mediterranean's best kept secrets.

Gozo is Malta's sister island. It is greener, more rural and smaller than Malta and has its own distinct character and relaxed atmosphere. Ghajnsielem is a tranquil and picturesque village within walking distance of Mgarr Harbour where ferries run regularly to and from Malta.

It is the perfect place to unwind, yet offers plenty of things to do. Malta's sister island is just a half-hour ferry ride away from Malta's northernmost tip.

Be spoilt for choice with quaint shops, places to eat delicious local food, vibrant nightlife and much more.

The island's picturesque towns and villages still uphold many traditions. The countryside has an amazing variety of scenery, from rocky hillsides, past carob trees and prickly pears, through quiet valleys to wind-swept cliffs and down to salt pans and beaches.

“

My favourite place in Gozo...

... is the Azure window, a popular and beautiful tourist destination in Dwejra on the West coast of the island. It's a unique place to take fascinating photos and admire the variety of natural rock formations.

2 Beautiful coasts

Explore the tranquil coves and beaches of Gozo's coasts and discover natural wonders such as the Azure Window and man-made sights such as the historic salt pans.

3 Authentic food

Gozo's economy is built on farming and fishing, and local produce is turned into tasty meals in the many cafes and restaurants throughout the island.
